**DETAILED ACTION**

**REASONS FOR ALLOWANCE**

1. Claims 1-15 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

The applicant's Remarks, filed on 04/20/2005, have been carefully reviewed with update search. Consequently, reasons for allowance of claims 1-15 are set forth in according to the applicant's remarks stated on pages 6-7.

Regarding claims 1, 10, and 13, the prior art made of record fails to clearly teach or fairly suggest, the method and the feature of a wireless high data rate receiver terminal using diversity techniques for determining whether an HDR transmission is occurring; positioning the transmission switch to utilize the first transmission path in the first receiver, and receiving signals by commonly utilizing the first and second reception paths when it is determined that an HDR transmission is occurring; and positioning the transmission switch to utilize the second transmission path bypassing the duplexer in the first receiver, and receiving signals by utilizing only the second reception path in the second receiver when it is determined that an HDR transmission is not occurring, in combination with other limitations, as specified in the independent claims 1, 10, and 13, and further limitations of their respective dependent claims 2-9, 11-12, and 14-15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
